Hello Friends,

The 4th grade is going to be doing Thursday's prayer service in the gym at 8:30. I've attached the service so you can get an idea of things. It shouldn't be too long, either.

The one thing I need from each classroom teacher is to have your class choose an object to represent them as a whole group from this year. For example, my class chose a piece of wood they sawed off on the OR Trail trip we went on. You need to choose one student to bring the object forward in the service, and one student to read a sentence or two about what their object is. If you can email me the sentence they're reading that would be great. I'll get them typed out and put on to an attractive piece of paper.

I appreciate your help with this. Please ask if you have questions.

Thanks,
Bethany

Subject: Observation

Hi [REDACTED],

I was wondering if you might be able to come in and observe me teaching a Math lesson this coming Wednesday, March 8th? I was thinking about an afternoon time before Religion. I'm introducing long division, so it should be an interesting one! Would 1:15 work for you? The lesson should take about 40 minutes.

Thanks,
Bethany

Subject: Testing

Teachers in grades 3-8, if you need help with make-up testing for some kids, let me know. [REDACTED] and I would be happy to help get kids caught up. I just need to figure out a schedule according to need and time availability. Thanks a lot.

I think it looks REALLY good -- you did an especially good job of addressing the whole assessment question. I'm not sure about that whole thing, but -- either way -- you've covered it well.

Hi [REDACTED],

If you have time tonight could you please take a look at this and give me some feedback? [REDACTED] [REDACTED] "Only class now please take out your math book..." I'm supposed to meet with Sr. [REDACTED] [REDACTED] with Fr. Tom (during my prep). If you're too busy it's no problem.

Subject: Goals

As we near the end of the school year, I would like to remind you that you shared with me in September you goals for the year. Some of you have achieved these goals and have discussed them with me, and some have not. This is just a friendly reminder to review your mandates for the year and how close you are to achieving them. I will be checking in with you on this fairly soon.
