

Academic: Cody is a 5 year old child in his 7th month kindergarten. Cody was given the Evergreen School District's Kindergarten Curriculum Assessment. During this academic assessment, Cody was a willing test participant and appeared to enjoy demonstrating all the things he knew. He is able to do the following:

- State the alphabet correctly.
- Identify 22/26 alphabet letters in random order (both uppercase and lowercase letters)
- State the vowel and consonant sounds that each letter makes in 21/26 letters.
- He knows his first name when he sees it written on a piece of paper.
- He can correctly identify the numbers 0-10
- He can count to 13 accurately
- He knows the following body parts: eyes, eyelashes, ears, hair, head lips, nose, chin, arms, elbow, wrist, hand, thumb, pinky finger, shoulders, waist, hip, back, legs, ankle, foot, bottom, teeth, and mouth.
- He can differentiate between hot/cold, up/down, backwards/forward, top/bottom, and day/night
- He is able to pattern ab/ab/ab
- He can identify square, circle, triangle, and rectangle
- He can identify the front of a book
- He can identify the right way to turn pages on a book
- He can identify when a book is upside down
- He knows the colors white, yellow, orange, red, blue, brown, purple, green, and black

It is this evaluator's opinion that Cody is performing commiserate with his peers in academics. (Please see the individual Special Education Teacher report for additional information)
